Sending electronic invoice to Försäkringskassan

Swedish Social Insurance Agency (Försäkringskassan) uses the Swedish National Government Service Centre's e-commerce service in Visma Proceedo with system provider Visma Commerce. This information is for our suppliers who need to start sending electronic invoices to Försäkringskassan.

In June of 2018, the Parliament (Riksdag) decided to adopt the Act regarding e-invoicing in public procurement (SFS 2018:1277). The Act means that all purchases made in according with procurement acts such as LOU, LUF, LUF5 or LUK shall be billed using e-invoices. Read more about the new law here: <https://www.digg.se/about-us/compulsory-e-invoicing-in-the-public-sector> . Purchases made by us, Försäkringskassan, shall therefore be billed using e-invoices. Also remember to include our reference in the invoice. *Note that PDF is not an approved format.*

In this letter you find all the information you need to get started.

Electronic invoicing through the PEPPOL network

Försäkringskassan, prefer to receive electronic invoices through the PEPPOL network. In order to send electronic invoice/Svefaktura to Försäkringskassan through the PEPPOL network, you need the following information:
